IT RCTE – Ohio Trust/Estate Resident Credit Calculation

Use this form for tax years 2020 and forward.

This form is for trusts/estates who were subjected to trust/estate income tax by another state or the District of Columbia. Include a copy of this form when filing your Ohio IT 1041.

Trust/Estate name	FEIN
-------------------	------

List any applicable income taxed and any taxes paid to each state on that income next to its postal abbreviation and list any income taxed and taxes paid to the District of Columbia next to "DC." Taxes paid on a trust's/estate's behalf by a pass-through entity on a composite income tax return should be included on this form. States without an income tax are not listed; do not include income earned or received in those states on this form.

Additionally, nonresident trusts/estates are not entitled to this credit and should not use this form.

For **trusts**, applicable income is the modified nonbusiness income that the trust earned/received by a resident portion of the trust and subject to tax in another state or the District of Columbia. The total should be included on line 1a.

For **estates**, applicable income is the portion of the estate's Ohio taxable income taxed in another state or the District of Columbia. The total should be included on line 1b.

Important: Do not list any income in column A if you do not have tax paid in column B. Do not list a tax paid in column B if you do not have income taxed in column A.
