68 Oklahoma Statutes (OS) Sec. 2357.301, 2357.302 and 2357.303 and Rule 710:50-15-109

Definitions

“Aerospace Sector” means a private or public organization engaged in the manufacture of aerospace or defense hardware or software, aerospace maintenance, aerospace repair and overhaul, supply of parts to the aerospace industry, provision of services and support relating to the aerospace industry, research and development of aerospace technology and systems, and the education and training of aerospace personnel.

“Compensation” means payments in the form of contract labor for which the payor is required to provide a Form 1099 to the person paid, wages subject to withholding tax paid to a part-time employee or full-time employee, or salary or other remuneration. Compensation shall not include employer-provided retirement, medical or health-care benefits, reimbursement for travel, meals, lodging or any other expense.

“Institution” means an institution within The Oklahoma State System of Higher Education or any other public or private college or university that is accredited by a national accrediting body.

“Qualified Employer” means a sole proprietor, general partnership, limited partnership, limited liability company, corporation, other legally recognized business entity, or public entity whose principal business activity involves the aerospace sector.

“Qualified Employee” means any person, regardless of the date of hire, employed in Oklahoma by or contracting in Oklahoma with a qualified employer on or after January 1, 2009. This individual must have been awarded an undergraduate or graduate degree from a qualified program by an institution and was not employed in the aerospace sector in Oklahoma immediately preceding employment or contracting with a qualified employer. Provided, the definition will not be interpreted to exclude any person who was employed in the aerospace sector, but not as a full-time engineer, prior to being awarded an undergraduate or graduate degree from a qualified program by an institution or any person who has been awarded an undergraduate or graduate degree from a qualified program by an institution and is employed by a professional staffing company and assigned to work in the aerospace sector in Oklahoma.

Note: Effective November 1, 2021, a qualified employee includes an individual licensed as a Professional Engineer by the State Board of Licensure for Professional Engineers and Land Surveyors pursuant to 59 OS Sec. 475.15.

“Qualified Program” means a program that has been accredited by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology (ABET) and awards an undergraduate or graduate degree.

Note: Effective November 1, 2021, a qualified program includes both undergraduate and graduate programs of the same discipline of engineering at an institution if either program is ABET accredited.

“Tuition” means the average annual amount paid by a qualified employee for enrollment and instruction in a qualified program. Tuition shall not include the cost of books, fees or room and board.

Notice

Tax credits transferred or allocated must be reported on Oklahoma Tax Commission (OTC) Form 569. Failure to file Form 569 will result in the affected credits being denied by the OTC pursuant to 68 OS Sec. 2357.1A-2.
