## Filing requirements

Resident and nonresident Fiduciaries must file a Declaration of Estimated Tax if they expect to owe an Income Tax liability of \$100 or more with the filing of their SC1041, Fiduciary Income Tax Return. This expected total tax includes Income Tax withheld on distributions of South Carolina income to nonresident beneficiaries.

Use the Estimated Tax Worksheet to compute your Estimated Tax:

- If you are a resident of South Carolina, use your 2020 SC1041 as a basis to calculate your Estimated Tax.
- If you are a nonresident of South Carolina, use your 2020 SC1041, Part III as a basis to calculate the South Carolina taxable income to enter on line 3 of the Worksheet.
  - Enter the Estimated Tax on line 4 of the Worksheet.
  - Enter on line 9 of the Worksheet 7% withholding of South Carolina taxable income that is payable to nonresident beneficiaries. Do not withhold on nonresident beneficiaries whose income is exempt from withholding based on the I-41 affidavit.

Exceptions to filing a Declaration of Estimated Tax:

- Estates for the first two tax years after the decedent's death
- Fiduciaries whose prior year tax liability was \$0 for a full 12 months

## Declaration adjustment

If your Estimated Tax substantially increases or decreases, file the adjusted declaration by the next payment due date. Use the SC1041ES to make the adjusted payment.

Complete the Adjusted Declaration Schedule, found in these instructions, to determine the amount to be paid.

## Payment due dates

1. If you file using a calendar year end of December 31, your Estimated Tax payments are due in four equal installments as follows:

- 1st quarter due April 15, 2021
- 2nd quarter due June 15, 2021
- 3rd quarter due September 15, 2021
- 4th quarter due January 18, 2022

You can choose to pay all of your Estimated Tax on April 15, the due date of the first installment. Instead of making your last payment on January 18, you can choose to file your SC1041 by February 1 and pay in full the balance of Income Tax due.

2. If you are not required to file on April 15 and:

- you meet your Estimated Tax filing requirement after April 1 and before June 1, your first Estimated Tax payment is due on June 15, 2021.
- you meet your Estimated Tax filing requirement after June 1 and before September 1, your first Estimated Tax payment is due on September 15, 2021.
- you meet your Estimated Tax filing requirement after September 1, your first Estimated Tax payment is due on January 18, 2022.

3. If you file on a fiscal tax year, your Estimated Tax payments are due on the 15th day of the fourth, sixth, and ninth months of the fiscal year and the first month of the following fiscal year.

## Penalty for failure to file and pay Estimated Tax

You may be charged a penalty if:

- you do not pay enough Estimated Tax.
- you do not make your payments by the due date and for the required amount.
- you do not pay at least 90% of the total tax due.

Generally you can avoid a penalty if you make timely Estimated Tax payments equal to 100% of the tax shown due on your SC1041 for the prior tax year. You must have filed a SC1041 for the prior tax year, and it must have covered a 12-month year.

If the adjusted gross income on your prior year SC1041 was more than \$150,000, the 100% rule is adjusted to 110% of last year's tax liability. Calculate adjusted gross income by using federal guidelines and making South Carolina adjustments.

Refer to the SC2210 at [dor.sc.gov/forms](https://dor.sc.gov/forms) for more information on computing the underpayment penalty.
