This does not relieve the obligated member entity from filing an initial Application for Exemption with the Department of Revenue by the 15th day of the fourth month following the end of the entity's fiscal year for which the person claims the exemption or from submitting a renewal application annually by the date on which a return would otherwise be due were it not for the exemption. To the extent that any obligated member, or any owner of an obligated member, provides limited liability protection, the obligated member entity shall owe the taxes otherwise imposed by the franchise and excise statutes on the portion of income and equity attributable to such obligated member. Ownership includes any form of ownership, whether in whole, in part, direct or indirect.
