FIDUCIARY INCOME

Kentucky income tax law is based on the federal income tax law in effect on December 31, 2021. The Department of Revenue generally follows the administrative regulations and rulings of the Internal Revenue Service in those areas where no specific Kentucky law exists. Kentucky law requires taxpayers to report income on the same calendar or fiscal year and to use the same methods of accounting as required for federal income tax purposes. Effective for taxable years ending after September 10, 2001, a fiduciary that for federal income tax purposes elects to use the 30 percent or the 50 percent special depreciation allowance will have a depreciation difference for Kentucky purposes. See Form 740 and Schedule M instructions or contact the Department of Revenue for more information.

ADMINISTRATION EXPENSES

In the case of a decedent's estate, if the election was made not to deduct costs of administration, including attorney's fees actually allowed and paid, on a Kentucky inheritance tax return, these expenses may be deducted on Form 741. A statement waiving the right to deduct these expenses for inheritance tax purposes must also be filed with Form 741.

If the same administration expenses that were claimed on the Kentucky Inheritance Tax Return, Form 92A200 or Form 92A205, are also claimed on the federal fiduciary income tax return, Form 1041, an adjustment must be made to add these expenses to the Kentucky adjusted total income on the Kentucky Form 741, Schedule M, line 3.

ELECTING SMALL BUSINESS TRUST (ESBT)

An ESBT must report income, losses, and deductions allocated to the ESBT as an S corporation shareholder and the gain and loss from the disposition of S corporation stock on the Kentucky fiduciary return, and pay income tax accordingly. All S corporation income is reported on the return as regular income and is taxed at the same rates as all other income. Enter the S corporation income

on Schedule M, Part I, line 3 and identify the income as "ESBT – S corporation income." A separate schedule must be attached to the return to show the income and deductions applicable to S corporation portion of the ESBT. When computing income of the S corporation portion of the ESBT, the following must be considered: (1) Capital losses are allowed in computing income only to the extent of capital gains; (2) Passive losses and ordinary losses are deductible only against passive income and ordinary income, respectively; (3) No deduction is allowed for amounts distributed to beneficiaries; and (4) No additional deductions are allowed for state taxes.
