Benefits received under a military retirement plan, including survivor benefits, continue to be fully exempt from Maine income tax.

FAME nonprofit student loan repayment program income subtraction modification. 36 M.R.S. § 5122(2)(XX); L.D. 1995; P.L. 2021, c. 635, Pt. G. For tax years beginning on or after January 1, 2022, an individual taxpayer may claim, to the extent included in federal adjusted gross income, the income subtraction modification for student loan payments made directly to a lender on behalf of the taxpayer by a student loan repayment program funded by a nonprofit foundation and administered by the Finance Authority of Maine for residents of the State employed by a business located in the State.

For tax years beginning on or after January 1, 2022, the income subtraction modification equal to eligible student loan payments made by employers on behalf of qualified employees pursuant to 36 M.R.S. § 5217-D, is repealed.

Educational opportunity tax credit repealed. 36 M.R.S. § 5217-D(6); L.D. 1995; P.L. 2021, c. 635, Pt. H, §§ 13 and 14. The credit for educational opportunity, including any carryover of unused credit amounts from prior years, may not be claimed for tax years beginning on or after January 1, 2022. The credit, including carryover of unused credit amounts from prior years, is replaced by the student loan repayment tax credit available for tax years beginning on or after January 1, 2022, for qualified individuals.

The new credit is equal to the amount of eligible student loan payments made directly by the taxpayer to a relevant lender during the tax year, plus the amount of unused EOTC amounts carried forward from prior tax years, up to \$2,500. Except, up to \$3,500 may be claimed for either tax year beginning in 2022 or 2023, whichever year is elected, by qualified individuals who received an EOTC credit during any tax year beginning in 2019, 2020, or 2021 that was based on loans acquired to obtain a bachelor's degree or associates degree in science, technology, engineering, or mathematics. Unused EOTC amounts that are allowed to be carried forward from prior tax years, for purposes of the SLRTC, may be claimed only for tax years beginning before January 1, 2027. A \$25,000 lifetime cap applies to the SLRTC for each qualified individual. What is my Residence Status?

To determine your residency status for 2022, read the following.

Domicile: *Domicile is the place an individual establishes as their permanent home and includes the place to which they intend to return after any period of absence. A number of factors associated with residency are relevant in the evaluation of a claimed domicile. A domicile, once established, continues until a new, fixed and permanent home is acquired. To change domicile, a taxpayer must exhibit actions consistent with a change. No change of domicile results from moving to a new location if the intent is to remain only for a limited time, even if it is for a relatively long duration.*

- **Full-year Resident:** 1) Maine was my domicile for the entire year of 2022; or 2) I maintained a permanent place of abode in Maine for the entire year and spent a total of more than 183 days in Maine.
- **Safe Harbor Resident** (treated as a nonresident):
 - General Safe Harbor** - Maine was my domicile in 2022, I did not maintain a permanent place of abode in Maine, I maintained a permanent place of abode outside Maine and I spent no more than 30 days of 2022 in Maine. An individual qualifying under the safe harbor rule will be treated as a nonresident for Maine individual income tax purposes.
 - Foreign Safe Harbor** - I spent at least 450 days in a foreign country during any 548-day period occurring partially or fully in the tax year. The taxpayer must also meet other eligibility criteria. If you qualify for the Foreign Safe Harbor, you will be considered a safe harbor resident and treated as a nonresident for the 548-day period even though you were domiciled in Maine.
- **Part-year Resident:** I was domiciled in Maine for part of the year and was not a full-year resident as defined in 2) above.
- **Nonresident:** I was not a resident or part-year resident in 2022, but I do have Maine-source income. **Follow the federal filing requirements for filing status, federal adjusted gross income, and standard or itemized deductions.**

Lines 4 and 5. Bonus depreciation add-back. Lines 4 and 5 relate to Maine's decoupling from the federal special depreciation deduction through IRC § 168(k), commonly known as bonus depreciation. To calculate the amount to enter on these lines, complete a pro forma federal Form 4562 as if no bonus depreciation was claimed on the property placed in service in tax year 2022.

The total addition modification is the difference between the federal depreciation claimed on Form 4562 and the depreciation calculated on the pro forma Form 4562. If any of the property placed in service in tax year 2022 is located in Maine and the Maine capital investment credit is claimed, the total addition modification must be divided between lines 4 and 5. Otherwise, the entire addition must be entered on line 4. Enclose copies of the original and pro forma federal Forms 4562, along with the add-back calculation, with the return.

For more information, go to www.maine.gov/revenue/tax-return-forms (select *Income Tax Guidance Documents*). Also, refer to the instructions for Schedule 1S, line 9 below.

Line 4. Bonus depreciation add-back: Enter on this line the total bonus depreciation add-back calculated above less the amount of Maine capital investment credit add-back from line 5. For example, if you purchased \$400,000 of eligible property and \$100,000 of that property is located in Maine and included in the credit base, the portion of the add-back to include on this line is \$100,000/\$400,000 or 25% of the total bonus depreciation add-back calculated above.
