General Information

Extension Process for Fiduciary Taxpayers

The extension process is automated so that all fiduciary taxpayers are given an extension of time to file their tax returns if certain payment requirements are met. Fiduciary taxpayers must have paid at least 80% of the tax due for the taxable year by the original due date for filing the return. Taxpayers meeting the payment requirements will be given an automatic six-month extension to file their returns. See TIR 16-10.

When Should the Payment with Form M-8736 Be Submitted?

The full amount of tax due for the taxable year must be paid by or before the original due date of the return. Fiduciary taxpayers must pay any amount due on or before April 18, 2023, or on or before the 15th day of the fourth month after the close of the taxable year for fiscal year filers. If

the due date is a Saturday, Sunday, or legal holiday, you should substitute the next regular workday. Any fiduciary taxpayer making an extension payment of \$2,500 or more must make the payment electronically. All other fiduciary taxpayers must pay online at mass.gov/masstaxconnect or use the voucher below.

Will Interest and Penalties Be Due?

An extension of time to file an fiduciary tax return does not extend the due date for payment of the tax. Interest will be charged on any tax not paid on or before the original due date. Any tax not paid within the extended period is subject to a penalty of 1% per month, up to a maximum of 25%, from the extended due date. If the extension is invalidated for failure to meet the 80% payment requirements then penalties and interest for a late return and late payment will be assessed from the original due date of the return.
