General Information

Extension Process for Taxpayers That File Form M-990T

The extension process is now automated so that all taxpayers that file Form M-990T are given an extension of time to file their tax returns if certain payment requirements are met. Such taxpayers must have paid 50% of the total amount of tax ultimately due by the original due date for filing the return. Taxpayers meeting the payment requirements will be given an eight-month extension. See TIR 15-15 for more information.

If at least 50% of the tax due for the taxable year is not paid by the original return due date, the extension is null and void, and penalties and interest for a late return and any late payments will be assessed from the original due date of the return.

When Should the Payment with Form M-990T-7004 Be Submitted?

Any extension payment due must be paid either electronically or by using the M-990T-7004 voucher on or before the 15th day of the fourth month after the close of the taxable year, calendar or fiscal.

Will Interest and Penalties Be Due?

An extension of time to file a tax return does not extend the due date for payment of the tax. Interest will be charged on any tax not paid on or before the original due date. Any tax not paid within the extended period is subject to a penalty of 1% per month, up to a maximum of 25%, from the extended due date. If the extension is invalidated for failure to meet the payment requirements then penalties and interest for a late return and late payment will be assessed from the original due date of the return.

How Do I Use This Worksheet and Voucher?

Use this worksheet to calculate the tax due that must be paid by or before the original due date of the return. Pay online with MassTaxConnect at mass.gov/masstaxconnect. For further information on electronic filing and payment requirements, see TIR 16-9.
