Instructions for an amended Corporate Income Tax return

Forms 4892, 4906 and 4909

Purpose

To calculate and file an amended Corporate Income Tax (CIT) return.

Standard taxpayers will file the *CIT Amended Return* (Form 4892); insurance companies will file the *Insurance Company Amended Return for Corporate Income and Retaliatory Taxes* (Form 4906); and financial institutions will file *CIT Amended Return for Financial Institutions* (Form 4909).

Amending a Return

To amend a current or prior year annual return, use the amended return that is applicable for that tax year and taxpayer type.

Include all schedules and attachments filed with the original return, even if not amending them. **Do not** include a copy of the original return with the amended return.

Current and past year forms are available on Treasury’s Web site at www.michigan.gov/treasuryforms.

To amend a return to claim a refund, file within four years of the due date of the original return (including valid extensions). Interest will be paid beginning 45 days after the claim is filed or the due date, whichever is later.

If amending a return to report a deficiency, penalty and interest may apply from the due date of the original return.

If any changes are made to a federal income tax return that affect CIT tax base, filing an amended return is required. To avoid penalty, file the amended return within 120 days after the final determination by the Internal Revenue Service.

Line-by-Line Instructions

In most cases, the lines on the amended return match the lines on the originally filed return. Unless otherwise noted, use the instructions for the original return to complete the amended return.
