Part V - Supplemental Information

Preparers completing the IT K-1: use the instructions below.

Investors receiving an IT K-1: use the instructions beginning on page 3.

Instructions for Completing the IT K-1

A PTE, EPTE, or fiduciary should issue the IT K-1 to each investor, owner, or beneficiary that receives income, adjustments, and/or credits.

Use the IT K-1 to report the proportionate or distributive share of income, adjustments, and/or credits for any investor, owner, or beneficiary.

Provide a copy to each investor, owner, or beneficiary and include copies of each IT K-1 when filing the IT 1140, IT 4708, IT 4738, or IT 1041. The IT K-1 can be issued for any tax year, even when the PTE, EPTE, or fiduciary is not required to file a return.

See tax.ohio.gov to obtain a copy of the form and for FAQs (in the "Pass-Through Entities - OH IT K-1" topic).

Part I – Investor / Owner / Beneficiary and Entity Information

Enter the calendar year or a fiscal year period used on the entity's federal return.

Check the box to indicate which Ohio return the PTE, EPTE, or trust is filing. If the PTE, EPTE, or trust does not file either the IT 1140, IT 4738, or IT 4708, check "Other." Additionally, check the box to indicate an amended IT K-1, if applicable.

Investor / beneficiary information

Use the same investor/owner/beneficiary information reported on the federal K-1. Enter the full SSN or FEIN on the copy of the IT K-1 provided to the Department.

Ownership %

PTEs/EPTEs: Enter the same investor/owner ownership information reported on the federal K-1 for the tax year.

Fiduciaries: Enter the percentage of income distributed to the beneficiary during the tax year.

Entity Information

Use the same entity information reported on the federal K-1. Enter the full FEIN on the copy of the IT K-1 provided to the Department.

NAICS code: PTEs and EPTEs include their North American Industry Classification System (NAICS) code. NAICS codes are available at naics.com/search. Ohio Adm. Code 5703-7-01.

Entity type: Enter the entity type reported on the IT 1140, IT 4708, or IT 4738. If the PTE, EPTE, or fiduciary does not file an Ohio return, enter one of the following: S-corporation, limited liability company, partnership, trust, or other.

Apportionment Ratio

If the PTE, EPTE, or fiduciary is filing an Ohio return, enter the apportionment information from Schedule IV of the IT 4708 or IT 4738, Schedule III of the IT 1140 or Schedule X of the IT 1041.

If the PTE, EPTE, or fiduciary is not filing an Ohio return, use the worksheet below to calculate Ohio property, payroll and sales and the Ohio apportionment ratio. Use Ohio property and payroll, each weighted at 20%, and Ohio sales, weighted at 60%, versus property, payroll, and sales everywhere. If any factor's "total everywhere" is zero, the weights of the remaining factors must be proportionately increased so that the total remains 100%. Report the apportionment ratio to six (6) decimal places. For detailed instructions on calculating the Ohio apportionment ratio, see the instructions for the IT 4708, IT 4738, IT 1140, or IT 1041.

Important: If the PTE/EPTE is an investor/owner in another PTE(s), it **must** combine its property, payroll and sales amounts with the amounts reported on any IT K-1 it receives.

See R.C. 5747.21, 5747.231, and 5733.05(B)(2).

Part II – Investor's / Owner's / Beneficiary's Depreciation Adjustments

- IT 4738 - Schedule II;
- IT 4708 - Schedule II; OR
- IT 1041 - Schedule II.

Ohio Column: Multiply the amount in the "Total" column by the apportionment ratio on the IT K-1.

Example: ABC LLC has operated in Ohio for 10 years. It filed an Ohio PTE/EPTE return and reported depreciation add-backs in each year. Joe has been an investor/owner in ABC LLC for 2 years. When completing the worksheet on Joe's IT K-1, ABC LLC will only include depreciation add-back amounts for the prior year. It will not include depreciation add-back amounts for years prior to Joe becoming an investor/owner.

2/3	1/2
6/6	1/6

Total Column: Add all the "related deduction" amounts from the prior-year worksheet.

The IT K-1 contains the investor's, owner's, or beneficiary's distributive share of income, adjustments, and/or credits.

The IT K-1 is commonly used by:

- Individuals filing an IT 1040 and claiming the nonresident credit (using form IT NRC), or refundable / nonrefundable business credits (including the pass-through entity credit) on the Ohio Schedule of Credits;
- PTEs and fiduciaries claiming refundable / nonrefundable business credits on the IT 4738, IT 4708, IT 1140, and/or IT 1041.

Investors claiming any of the above credits should include a copy of the IT K-1 when filing their return.

Part I – Investor / Owner / Beneficiary and Entity Information

Tax year: If the PTE, EPTE, or fiduciary completing the IT K-1 files on a calendar year basis, the investor/owner should use the IT K-1 for the same calendar year. If the PTE, EPTE, or fiduciary files on a fiscal year basis, the investor should use the IT K-1 for the return year that includes the fiscal year's ending date.

Entity FEIN: Individuals must report the entity's FEIN on:

- Form IT NRC, Section II; AND/OR
- Ohio Schedule IT BUS, part 4.

PTEs and fiduciaries do **not** need to report this number when completing the IT 4738, IT 4708, IT 1140, or the IT 1041.

Apportionment %: The investor/owner/beneficiary **must** include these amounts in the "Within Ohio" portion and the "Total Everywhere" portion of the property, payroll, and sales factor calculations on:

- Form IT NRC, Section III, Part A;
- Form IT NRCE Section III, Part A;
- IT 4738, Schedule IV;
- IT 4708, Schedule IV;
- IT 1140, Schedule III; OR
- IT 1041 Schedule X.

Note: If the PTE, EPTE, or fiduciary has received multiple IT K-1s, it must aggregate the apportionment information from each IT K-1 when completing the IT 4738, IT 4708, IT 1140, and/or IT 1041.

Note: Certain individuals may not be required to complete Form IT NRC, Section III. See the instructions for the IT NRC.

Part II - Investor's / Owner's / Beneficiary's Ohio Depreciation Adjustments

Line 1a – Current year depreciation add-back

If the IT K-1 reports an amount on this line:

Individuals: Generally there will be an IRC 168(k) and 179 depreciation expense add-back on the Ohio Schedule of Adjustments.

PTEs, EPTEs, and fiduciaries: PTEs and fiduciaries should add the total amount to Schedule II of the IT 4738, IT 4708, IT 1140, and/or IT 1041.

Note (trusts only): If a trust retains 100% of its earnings, then this amount should be reported on its IT 1041. However, if a trust distributes 100% of its earnings, then this amount should be reported to its beneficiaries on an IT K-1. If a trust retains only a portion of its earnings, the trust will split this amount between its IT 1041 and the IT K-1s it issues to its beneficiaries.

Exception: If an investor/owner owns less than 5% of this PTE, the investor is not required to add back this amount.

Line 1b – Deduction of prior-year depreciation add-backs

If the IT K-1 reports an amount on this line:

Individuals: Generally there will be a deduction of prior year IRC 168(k) and 179 depreciation expense add-back on the Ohio Schedule of Adjustments.

PTEs, EPTEs, and fiduciaries: PTEs and fiduciaries should add the total amount to the applicable line if the corresponding add-backs were made on the prior years' returns:

- IT 4708, Schedule III;
- IT 4738, Schedule III;
- IT 1140, Schedule II, columns A and/or B; OR
- IT 1041, Schedule II.

Note: Add-Back and deduction adjustments are reported on separate lines on the IT 1040, IT 4738, IT 4708, IT 1140 and IT 1041. **Do not net these amounts.**
