Instructions for PA-20S/PA 65 Schedule E

Rent and Royalty Income (Loss)

PA-20S/PA-65 E IN (DR) 05-22

GENERAL INFORMATION

PURPOSE OF SCHEDULE

Use PA-20S/PA-65 Schedule E to report income (loss) from rent and royalty income of PA S corporations, partnerships and LLC's filing as S corporations and partnerships for federal income tax purposes.

Pennsylvania does not follow federal At-Risk Rules or Passive Activity Loss Rules.

NET INCOME (LOSS) FROM RENTS, ROYALTIES, PATENTS AND COPYRIGHTS

Gross rent and royalty income includes all items of gross income or receipts derived from rents, royalties, patents, copyrights, secret processes, formulas, goodwill, trademarks, trade brands, franchises and similar property, except:

- Income or receipts derived from the sale, exchange or other disposition of rents, royalties, patents, secret processes, formulas, goodwill, trademarks, trade brands, franchises and similar property; or
- Income or receipts derived from operating oil, gas, or mining interests includable in the calculation of net profit (loss) from a business, profession or farm, or otherwise derived in the ordinary course of and from the operation of a business.

NET RENT

Net rents and royalties from real and tangible personal property located in Pennsylvania are allocable to Pennsylvania.

NET ROYALTIES

Patent, copyright and other intangible royalties are allocable to Pennsylvania to the extent that the payer of such income uses the patent or copyright in Pennsylvania.

A business uses a patent in Pennsylvania to the extent that it employs the patent in the production, fabrication, manufacturing, or other processing in Pennsylvania, or to the extent that it produces a patented product in Pennsylvania.

A business uses a copyright in Pennsylvania to the extent that it prints or otherwise publishes in Pennsylvania.

ALLOWABLE DEDUCTIONS

The PA S corporation or partnership may only deduct the expenses that it ordinarily pays or incurs during the taxable year. The expenses must be necessary for the production or collection of rent and royalty income or the management, conservation or maintenance of rents, royalties, patents,

copyrights or similar property. Such expenses include advertising, cleaning and maintenance, agents' commissions, insurance, legal fees, management fees, interest, repairs, supplies, utilities, and depreciation expense or cost depletion. Refer to 61 Pa. Code § 125.51 for cost depletion.

IMPORTANT: Pennsylvania personal income tax law does not allow any bonus depreciation expense elections that federal law allows. Also, the maximum expense that Pennsylvania personal income tax law permits using IRC §179 is \$25,000. If you have income/loss from more than one business, profession or farm you may not deduct more than a total of \$25,000 of IRC §179 expense for all activities in PA. The IRC §179 expense is phased out when purchases exceed \$200,000. Federal increases in dollar limits after 1997 do not apply.

TIP You do not need to expense assets using IRC §179 on your federal return in order to claim the expense on your PA return.

RENT VS. NET BUSINESS INCOME

The determination of whether rent and royalty income is reported on PA-20S/PA-65 Schedule E or PA-20S/PA-65 Schedule M, Column (b) is dependent upon the classification of such income. Whether an activity is a passive activity for federal income tax purposes is not controlling. Refer to the PA Personal Income Tax Guide – Net Income (Loss) from Rents, Royalties, Copyrights and Patents for the detailed rules used in classifying rent and royalty income and net business income.

All requisite Pennsylvania/federal differences are used in arriving at net rent and royalty income. Refer to the PA-20S/PA-65 Schedule M for similar Pennsylvania/federal differences.
