DR 1191 Instructions

General Information

Purchases of machinery or machine tools and parts thereof are exempt from state sales and use tax when the machinery will be used in manufacturing. 39-26-709(1)(g), C.R.S.

To qualify the machinery must be:

- Used in Colorado,
- Used directly and predominantly to manufacture tangible personal property for sale or profit.
- Of a nature that would have qualified for the federal investment tax credit under the definition of section 38 property found in the Internal Revenue Code of 1954, as amended. This includes tangible personal property with a useful life of one year or more and limits qualifying purchases of used equipment to a maximum of \$150,000 annually,
- Included on a purchase order or invoice totaling more than \$500,
- · Capitalized.

Enterprise Zones

The manufacturing exemption is expanded to exempt additional purchases from sales and use tax when machinery is used solely and exclusively in an enterprise zone. Equipment that is used both within and outside an enterprise zone only qualifies for the regular statewide exemption, as is equipment used at a location prior to that location's designation as an enterprise zone. [C.R.S. 39-30-106(1)]

- Machinery used solely and exclusively in a designated enterprise zone may be capitalized or expensed to qualify for the exemption.
- Materials for construction or repair of machinery or machine tools are exempt from the state sales and use tax if the machinery is used exclusively in an enterprise zone.
- Mining operations are included in the definition of manufacturing when performed in an enterprise zone.
 For further information, see FYI Sales 69, "Enterprise Zone Exemption for Machinery and Machine Tools Used in Mining."

Local Taxes

Cities, counties and special districts may or may not exempt manufacturing equipment from local sales taxes. Refer to publication DR 1002 for a list of localities that exempt this equipment from local tax.

Claiming The Exemption

Complete the DR 1191, Sales Tax Exemption on Purchases of Machinery and Machine Tools. Give one copy of the completed form to the seller of the machinery and a second copy to the Department of Revenue. The purchaser must also keep a copy. An exemption cannot be claimed for sales tax paid in another state which is credited against Colorado sales or use tax.

For further information regarding the manufacturing exemption, see FYI Sales 10 available on our Taxation Web site at *Colorado.gov/Tax*, or call (303) 238-SERV (7378).
