

Form 2-ES

Massachusetts Estimated Income Tax

2023

Massachusetts
Department of
Revenue

General Information

What is the purpose of estimated tax payment vouchers? The purpose of the payment vouchers is to provide a means for paying any taxes due on income which is not subject to withholding. This is to ensure that taxpayers are able to meet the statutory requirement that taxes due are paid periodically as income is received during the year.

Who must make estimated tax payments on Form 2-ES?

- Trustees or other fiduciaries that receive income taxable at the entity level that the trustee or other fiduciary expects to owe more than \$400 in taxes on for the taxable year.
- Trustees or other fiduciaries required to deduct and withhold payments under MGL ch 62, § 11A on behalf of a beneficiary of a pooled income fund, a charitable remainder annuity trust or a charitable remainder unitrust.
- Trustees or other fiduciaries required to deduct and withhold payments under MGL ch 62, § 10(g) on behalf of a nonresident grantor of a grantor-type trust.
- Trustees or other fiduciaries required to deduct and withhold payments under MGL ch 62, § 10(g) on behalf of a nonresident entity beneficiary that is a trust or other entity. The Form 2-ES prepared by the trustee or other fiduciary must include only the beneficiary's employer identification number. The employer identification number of the trust or estate making the payment on behalf of the nonresident entity beneficiary must not be included. For more information, see DOR Directive (DD) 07-4.
- Pass-through entities that elect to be taxed at the entity level under MGL ch 63D are subject to pass-through withholding of personal income on behalf of their members. Such filings and payments should be made in the time and manner provided in these instructions. The estimated payment required for a member may be reduced by the member's PTE Excise credit. For more information, visit mass.gov/service-details/elective-pass-through-entity-excise.

How to make estimated payments:

- Where a trustee or other fiduciary is making an estimated tax payment for income tax owed and to be reported at the entity level, file Form 2-ES or make payments electronically on MassTaxConnect at mass.gov/masstaxconnect or by using third party software, using such entity's name and FID number.
- Where the estimated tax payment is for income tax that will be reported by a beneficiary or grantor that is an individual, file Form 1-ES using such beneficiary or grantor's individual name and SSN.
- Where the estimated tax payment is for income tax that will be reported by a beneficiary or grantor that is not an individual, file Form 2-ES or make payments electronically on MassTaxConnect at mass.gov/masstaxconnect or by using third party software, using such beneficiary or grantor's entity name and FID number.

Is there an electronic payment requirement for fiduciaries?

Fiduciaries filing Form 2 with total income tax payments of \$2,500 or more must make all estimated tax payments by electronic means. This includes estimated payments, extension payments and return payments. See TIR 21-9 for more information regarding electronic filing requirements. Fiduciaries with tax payments less than the above cited threshold may be required to make payments electronically. Trusts not taxed at the entity level are pass-through entities and subject to the electronic mandate rules requiring the submission of estimated payments electronically.

Are there penalties for failing to pay estimated taxes? Yes. An additional charge is imposed on the underpayment of any installment of estimated tax for the period of that underpayment. Use Form M-2210F when filing your annual return to determine the amount of any penalty due or if you qualify for the exceptions that avoid the penalty.

Payment penalty. Generally, a taxpayer will receive a letter from the Department for the first instance of failure to file or pay electronically and will be penalized for any subsequent failure. If a taxpayer fails to conform to any payment requirement, a penalty of not greater than \$100 for each improper payment shall be due. MGL ch 62C, § 33(g). See TIR 21-9 for more information.

When and where do I file estimated tax payments? Generally, your estimated tax must be paid in full on or before April 15, 2023, or in equal installments on or before April 15, 2023; June 15, 2023; September 15, 2023; and January 15, 2024. Estimated tax payments in any amount can be made electronically on MassTax-Connect at mass.gov/masstaxconnect or by using third-party vendor software. Some taxpayers may be required to make online payments. See TIR 21-9.

If you are mailing your payment, make check or money order payable to the **Commonwealth of Massachusetts**. Write your Federal Identification number in the lower left corner on your check or money order. Send a completed voucher with each payment to ensure accurate crediting to your account. Mail vouchers to **Massachusetts Department of Revenue, PO Box 419544, Boston, MA 02241-9544**. Do not mail your payment with your prior year's annual return.

If you pay your full estimated tax with your first payment voucher, you need not file the remaining payment vouchers unless your income increased during the year and you need to increase your estimated payment amount.

Are there exceptions to the due date? Whenever a due date falls on a Saturday, Sunday or legal holiday, the filing and payment may be made on the next succeeding business day. If your tax year is not on a calendar year basis, enter due dates on each voucher to correspond with your fiscal year. Your due dates will be the 15th day of the fourth, sixth and ninth months of your fiscal year and the 15th day of your next fiscal year.

What if my tax liability changes during the year? Even though you may not expect to owe estimated tax payments, your income or deduction(s) may change during the year so that you will be required to make estimated tax payments. In such case, the payment dates are as follows: June 15, if the change occurs between April 1 and May 31; September 15, if the change occurs between June 1 and August 31; next January 15, if the change occurs after August 31. Use the enclosed Amended Computation Worksheet if, during the year, you find that your estimated tax is substantially increased or decreased. The estimated tax may be paid in full at the time of filing your first payment voucher or in equal installments on the remaining payment dates. Be sure to use the appropriate voucher for each date.

What if I credited my prior year overpayment to current year estimated taxes? If you overpaid your prior year income tax and elected to apply it as a credit to your current year estimated income tax, the amount of overpayment may be applied in whole or in part to any installment period. If any overpayment credit remains, apply it to the next installment.

Be sure to enter the overpayment credit in col. c of the enclosed Record of Estimated Tax Payments. If the credit equals or exceeds your full estimated tax liability for the current year, you need not file the payment vouchers. Send a payment voucher to the Department only when you are making a payment.
