Section II – Ohio Business Income

Report each business from which the taxpayer received business income or loss during the tax year. List the businesses in descending order from highest "Ohio Apportioned Income" to lowest, including those businesses with no Ohio apportionment.

Use Section III of this form to calculate the amounts reported in Columns B and C. Certain taxpayers who receive an Ohio IT K-1 may be able to attach a copy of the form in lieu of completing Section III for that entity. Such taxpayers should check the box and report the IT K-1 amounts in Columns B and C. Section III is not required for businesses with no Ohio apportionment.

Important: "Federal Business Income" is the taxpayer's share of income they reported for federal income tax purposes. **Column A is NOT a total of Columns B and C.**
