Utility COVID-19 Debt Relief Credit

CT-48-I

General information

For tax years beginning on or after January 1, 2021, Tax Law § 187-q provides for the utility COVID-19 debt relief credit. This credit is available to taxpayers that are both subject to tax under Article 9 § 186-a and to the supervision of the Public Service Commission (PSC).

The credit is equal to the amount of debt that the taxpayer has waived per established PSC procedures that was owed to the taxpayer by customers who received utility arrears assistance. Any amount of credit not used in the current tax year may be refunded or credited as an overpayment to next year's tax. No interest will be paid on the refund.

The credit is not allowed against the metropolitan transportation business tax (MTA surcharge) under Article 9.

The credit allowed is claimed for the tax year in which the PSC certifies the amount of customer debt waived by the taxpayer that qualifies for the credit. If the certification is revoked by the PSC, the amount of credit allowed and claimed by the taxpayer prior to the revocation **must** be added back to the tax for the tax year in which the revocation becomes final.

For rules and regulations regarding this credit, contact the New York State PSC at www.dps.ny.gov or secretary@dps.ny.gov.
