Ohio IT K-1

- **Preparers completing the IT K-1:** Start immediately below.
- **Investors receiving an IT K-1:** Start following “Preparers” section.

Preparers Completing the IT K-1

A PTE, EPTE, or fiduciary should issue the IT K-1 to each investor, owner, or beneficiary that receives income, adjustments, and/or credits. Use the IT K-1 to report the proportionate or distributive share of income, adjustments, and/or credits for any investor, owner, or beneficiary.

Provide a copy to each investor, owner, or beneficiary and include copies of each IT K-1 when filing the IT 1140, IT 4708, IT 4738, or IT 1041. The IT K-1 can be issued for any tax year, even when the PTE, EPTE, or fiduciary is not required to file a return.

See tax.ohio.gov/forms to obtain a copy of the form.

Part I – Investor / Owner / Beneficiary and Entity Information

Enter the calendar year or a fiscal year period used on the entity’s federal return.

Check the box to indicate which Ohio return the PTE, EPTE, or trust is filing. If the PTE, EPTE, or trust does not file the IT 1140, IT 4738, or IT 4708, check “Not included on entity return.” Additionally, check the box to indicate an amended IT K-1, if applicable.

Investor / Beneficiary Information

Use the same investor/owner/beneficiary information reported on the federal K-1. Enter the full SSN or FEIN on the copy of the IT K-1 provided to the Department.

Ownership %

PTes/EPTEs: Enter the same investor/owner ownership information reported on the federal K-1 for the tax year.

Fiduciaries: Enter the percentage of income distributed to the beneficiary during the tax year.

Part II - Entity Information

Use the same entity information reported on the federal K-1. Enter the full FEIN on the copy of the IT K-1 provided to the Department.

Enter the 6-digit North American Industry Classification System (NAICS) code related to the entity’s activity. Completing this field on the Ohio IT K-1 is optional. Find detailed information at census.gov/naics.

Entity type: Enter the entity type reported on the IT 1140, IT 4708, or IT 4738. If the PTE, EPTE, or fiduciary does not file an Ohio return, enter one of the following: S corporation (01), limited liability company (02), partnership (03), or trust (04).

Apportionment Ratio

If the PTE, EPTE, or fiduciary is filing an Ohio return, enter the apportionment information from Schedule

III of the IT 4708 or IT 4738, Schedule II of the IT 1140 or Schedule V of the IT 1041.

If the PTE, EPTE, or fiduciary is not filing an Ohio return, see detailed instructions on calculating the Ohio apportionment ratio in the IT 1140, IT 4708, IT 4738 or IT 1041 instructions. Calculate Ohio property and payroll, each weighted at 20%, and Ohio sales, weighted at 60%, versus property, payroll and sales everywhere. If any factor’s “total everywhere” is zero, the weights of the remaining factors must be proportionately increased so that the total remains 100%. Report the apportionment ratio to six (6) decimal places.

Important: If the PTE/EPTE is an investor/owner in another PTE(s), it **must** combine its property, payroll and sales amounts with the amounts reported on any IT K-1 it receives.

See R.C. 5747.21, 5747.231, and 5733.05(B)(2).

Investors Receiving an IT K-1**Part I – Investor / Owner / Beneficiary and Entity Information**

Tax year: If the PTE, EPTE, or fiduciary completing the IT K-1 files on a calendar year basis, the investor/owner should use the IT K-1 for the same calendar year. If the PTE, EPTE, or fiduciary files on a fiscal year basis, the investor should use the IT K-1 for the return year that includes the fiscal year's ending date.

Entity FEIN: Individuals must report the entity's FEIN on:

- Form IT NRC, Section II, AND/OR
- Ohio Schedule of Business Income, part 4

PTEs and fiduciaries are **not** required to report this number when completing the IT 4738, IT 4708, IT 1140, or the IT 1041.

Apportionment %: The investor/owner/beneficiary **must** include these amounts in the "Within Ohio" portion and the "Total Everywhere" portion of the property, payroll, and sales factor calculations on:

- Form IT NRC, Section III, Part A
- Form IT NRCE Section III, Part A
- IT 4738, Schedule III
- IT 4708, Schedule III
- IT 1140, Schedule II, OR
- IT 1041 Schedule V

Note: If the PTE, EPTE, or fiduciary has received multiple IT K-1s, it must aggregate the apportionment information from each IT K-1 when completing the IT 4738, IT 4708, IT 1140, and/or IT 1041.

Note: Certain individuals may not be required to complete Form IT NRC, Section III. See the instructions for the IT NRC.

Part II - Investor's / Owner's / Beneficiary's Ohio Depreciation Adjustments**Line 1a – Current Year Depreciation Add-Back**

Individuals: Generally there will be an IRC 168(k) and 179 depreciation expense add-back on the Ohio Schedule of Adjustments.

PTEs, EPTEs, and fiduciaries: PTEs and fiduciaries should add the total amount to Schedule I of the IT 4738, IT 4708, IT 1140, and/or IT 1041. For taxable years ending on or after October 3, 2023 through tax-

able years ending on or before December 31, 2024, the depreciation add-back was not required on the IT 1041.

Note (trusts only): If a trust retains 100% of its earnings, then this amount should be reported on its IT 1041. However, if a trust distributes 100% of its earnings, then this amount should be reported to its beneficiaries on an IT K-1. If a trust retains only a portion of its earnings, the trust will split this amount between its IT 1041 and the IT K-1s it issues to its beneficiaries.

Exception: If an investor/owner owns less than 5% of this PTE, the investor is not required to add back this amount.

Line 1b – Deduction of Prior-Year Depreciation Add-Backs

If the IT K-1 reports an amount on this line:

Individuals: Generally there will be a deduction of prior year IRC 168(k) and 179 depreciation expense add-back on the Ohio Schedule of Adjustments, provided the individual made the add-back on their own return.

- IT 1040, Schedule of Adjustments

Note: Pursuant to R.C. 5747.01(A)(18), the individual’s add-back is not transferable to the entity; thus, the Department will disallow any attempt by the entity to report a deduction based on the individual’s IT 1040 add-back.

PTEs, EPTes, and fiduciaries: PTEs and fiduciaries should add the total amount to the applicable line if the corresponding add-backs were made on the prior years’ returns:

- IT 4708, Schedule II
- IT 4738, Schedule II
- IT 1140, Schedule I, columns A and/or B, OR
- IT 1041, Schedule I
